* Resolution of the Inspector General of Prisons No. 8—G. dated 17th November 1890.

I. In cases tried by all Magistrates and Sessions Judges—

(A) all persons sentenced to imprisonment for a term of 30 days or under, shall be sent to the Lock-up of the Taluk in which sentence is passed,

II. In the foregoing rules, imprisonment means imprisonment as a substantive sentence and not in default of payment of fine.

III. Provided that if, at any time, the existing accommodation, calculated at 500 cubic feet and 36 superficial feet for each prisoner, is not sufficient for the actual numbers confined in any lock-up, so many prisoners must be sent to the Head-quarters Jail as shall provide the required accommodation for the remainder.

R. Vijayindra Rao, Esq., on Special duty.

No. 4377-84—R. 634-92, DATED BANGALORE, 14TH SEPTEMBER 1892.

ORDER.—Under Section 77 of the Land Revenue Code, it is competent for any co-occupant, co-holder, co-sharer, tenant, mortgagee or other person interested in the continuance of any occupancy or alienated holding, to pay, on behalf of the registered occupant or registered holder, all sums due on account of Land-revenue and save the estate from forfeiture and sale for arrears of revenue. Such persons are therefore fairly entitled to notice before the tenure is forfeited and sold, provided they get their names entered in the Revenue records. Government therefore resolve that a register to be called the "Register for special Notices" in the accompanying form be opened for the purpose in each Taluk

Cutcherry and that when any such persons, including those who lend money on the hypothecation of the land, request that their names be noted in the said Register, with a view to being served with notices when the occupancy rights of such lands are in danger of being forfeited and sold, their names be registered accordingly and the same communicated to the Shanbhog in view to a note thereof being made in the Khaté Register. The Shanbhog's note shall be made in the following manner:— "For No. 4 land, Timmegauda is entitled to special notice as per order, dated No. ". Notice of every intended forfeiture and sale of the land for arrears of Revenue should be given to the parties entered in the special Register. It must, however, be understood that the person whose name has been so noted in the Register will be entitled to such notice only during 5 years next succeeding the date of registry, and he must renew his application at the end of every such term of 5 years, if he wishes the privilege to be continued. The consent of the registered khatedar is not necessary for the names of the interested parties being specially noted in the khate, as such notation can create no rights or obligation of any kind. It will merely enable the local Revenue authorities to give them notice of default by the registered holder and thus to afford them an opportunity of paying on behalf of the registered holder and thereby saving the land from sale for arrears of Revenue.

2. Full publicity should be given to this order.

Letter from the Inspector General of Forests, dated 2nd June 1883, No. 648—45, proposing to amend the definition of the word "District Forest" as given in the Forest Rules of 1878.

No. 4354-62—R. 628-92, DATED, BANGALORE, 15TH SEPTEMBER 1892.

ORDER THEREON.—The Inspector General proposes to amend the definition of "District Forests" as given in the Forest Rules of 1878, so as to include the free-grazing land assigned to villages at the Survey Settlement, as otherwise, delinquents who cut and misappropriate trees or portions of trees belonging to Government and situate in such lands, cannot be prosecuted under the Forest Rules. Government consider, however, that such amendment which requires the sanction of the Government of India is not necessary, as in such cases of misappropriation of Government property, Deputy Commissioners can proceed under Section 44 of the Revenue Code.

ORDER.—For the Municipalities of Bangalore and Mysore Cities, to which the privilege of electing half the number of Municipal Commissioners has been recently conceded by Government, the marginally noted Officers have been declared as *ex-officio* members of the respective Boards (*vide* Government Proceedings, dated 1st December 1891, No. 9365-6—L. 823). No such uniformity of practice is followed in regard to the *ex-officio* members in the remaining Municipalities of the Province, except in the case of Medical officers, of whom the senior officer in every station is recognized as a member of the local Municipal Board under Government Proceedings, dated 21st September 1888, Camp No. 1174-83. Taluk Sheristadars in some Public Works Department or Educational officers in a few others, Police Inspectors or even Village officials such as Shekdars, Patels and Shanbhogs in some of the Minor Municipalities are shown as *ex-officio* members in the lists submitted to this Office. It is highly desirable that the classes of officials requiring to be declared as *ex-officio* members should be defined and the Deputy Commissioners of Districts are therefore requested to report as early as possible what officials or officers they would like to have as *ex-officio* members for each Municipality in their Districts. The total number of official members including *ex-officio*, the President and Vice-President, should in no case exceed half the total number of Municipal members.

No. 3757-8—L. 342, DATED BANGALORE, 7TH SEPTEMBER 1892.

ORDER THEREON.—The transfer of funds proposed in the above is not from one Major head to another, which requires the sanction of Government, but from one minor item to another under the same Major Budget head of "Public

Works." Under Para 5 of Government Proceedings, dated 21st June 1892, No. 5127-5207—L. 635, the Municipal Board of the Tumkur Town are competent to sanction the proposal and no reference to Government is called for. (*a*) *V. Police.*—The sanctioned scale of Police force for the Harihar Town consists of 1 Dafadar on Rs. 9 and 5 Constables on Rs. 6 each ; but the provision now made is on account of 1 Dafadar on Rs. 9 and 2 Constables on Rs. 7 each and 3 or 6 Rs. each with monthly con-

tingencies of Rs. 1½ per mensem, involving an increase of Rs. 3½ per mensem or Rs. 42 per annum in the permanent or fixed charges of the Municipality. The provision made is explained to be in accordance with the existing staff entertained by the Police Department. The Deputy Commissioner is requested to state whether the Municipal Board of the Harihar Town have sanctioned the extra expenditure. Pending explanation, the estimate will be allowed to stand.

(*b*). *IX. Charitable Grants.*—The correct total of the details given in Budget Statement No. III of the Jagalur Municipality is only Rs. 38 and not Rs. 45 as entered by the Deputy Commissioner. The former figure will be adopted in the Budget of the Town. Moreover in this and each of the marginally noted Municipalities, a sum of Rs. 2 is newly entered on account of the travelling allowance of the Hospital Assistants in charge of Local Fund Dispensaries. This item will be struck out, as it is properly debitable to Provincial Revenues and not to Municipal Funds under the Codal rules.

2. *II. Head Office.*—Hitherto a monthly allowance of Rs. 8 was granted to a Clerk in the District Office for doing Municipal work, but owing to the increase of work in the Municipal Branch, the Deputy Commissioner considered that this system could no longer be continued and entertained one Huli Row, a Matriculate on Rs. 8 per mensem with hopes of raising his salary by Rs. 7. He accordingly recommends that the salary of the Clerk may be increased to Rs. 15 per mensem with effect from 1st July 1892, and provides Rs. 192 on this account. The proposed employment of the Clerk is sanctioned. But the Deputy Commissioner is requested to explain the necessity for the excess provision of Rs. 12 over the annual cost of the Clerk proposed. Pending explanation the estimate will be retained and the charge distributed among the several Municipalities

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Municipal),—dated 10th September 1892.

3. With reference to the suggestion made by Government for the proposed charges being reduced in the Municipalities of Maddagiri, Sira, Chiknayakanhalli and Huliyar, the Deputy Commissioner states that the provision made being on account of fixed charges of each Municipality do not admit of reduction. Government observe that the provision made for Dispensary charges in each of the first 3 Municipalities includes Rs. 20 on account of the travelling allowance of the Hospital Assistant, which is debitable to Provincial Revenues. This item will be struck out from these and other Municipal Budgets in which they occur. After making the above deductions, the Government observe that there will be a minus balance of Rs. 153 and Rs. 296 in the Municipalities of Maddagiri and Chiknayakanhalli. This cannot be allowed and the estimates will be reduced by those amounts. The President should reduce the establishments at once so as to bring the cost within the Budget limits.

III. Hospitals and Dispensaries.—The provision under this head does not include house rent allowance on account of Dispensary buildings at Gudibanda, Goribidnur and Srinivaspur. The omission is probably due to Government buildings having been since erected in them. The estimate is passed.

(*b*). *Travelling Allowance to Hospital Assistants.*—This item will be disallowed as the same is debitable to Provincial and not to District Funds under codal rules.

IX. Contribution.—The object of the provision should have been explained. The estimate will not however be disturbed.

A. Public Works.—No provision is made under this head, as the Executive Engineer considers that the estimates sanctioned for the first 12 months of 1891-92 are ample for the whole year ending June 1892.

ORDER THEREON.—Under the circumstances stated, Government are pleased to sanction tentatively the employment of an Accountant on Rs. 25 per mensem for the audit of accounts connected with Local Funds General subject to the submission of report at the end of one year. Letter from the Deputy Commissioner of the Mysore District, dated 18th August 1892, No. 463, submitting a detailed report on the experiment for the arrest of the progress of sand-hills or sand-dunes at Talkad and requesting sanction to a sum of Rs. 300 being placed at his disposal for the continuance of the experiment.

No. 4302—L. F. 142-92, DATED BANGALORE, 15TH SEPTEMBER 1892.

ORDER THEREON.—The allotment of Rs. 300 * proposed is sanctioned. The amount will be treated as an addition to the current year's District Fund Budget grant of the Mysore Circle under the head "Civil Charges—Conservancy and Sanitary charges," which will be raised from Rs. 4,000 to Rs. 4,300.

(2)	Pay of 3 watchers at Rs. 5 per mensem for 10 months ...	150.
	Total.....	300.

2. Government have much pleasure in recording their appreciation of the intelligence and energy shown by the Deputy Commissioner and his subordinates in the work of rendering the sand-dunes of Talkad firm and innocuous and thereby protecting the people of Talkad from sand-storms and making the place more habitable. Government presume that the plant employed is the Ipomea Pescaprœ or Biloba known in Telugu as "Chavalapilli Tige". If so, care must be taken to prevent cows from feeding on it, as those fed on it yield tainted milk. In view to ascertaining the exact description of the plant, the Deputy Commissioner is requested to send to the Chief Secretary's Office a specimen of the creeper with a few of its leaves and flowers intact.

3. A full report of the experiment tried should be submitted at the end of the current year.

ORDER THEREON.—From the statement submitted by the Deputy Commissioner, the total number of incomplete works is stated to be 47 costing in the aggregate Rs. 7,360—0—6, of which Rs. 921—14—0 were expended before the end of June 1892, leaving a balance of Rs. 6,438—2—6 to be spent during 1892-93, as shown in the margin. It is observed that the amount of Rs. 80 sanctioned for the "Improvement of Kunte near Iswara Temple" at Santandahalli, Srinivaspur Range, has not been shown against the work. Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Local Funds),—dated 23rd September 1892.

Docket from the Deputy Commissioner of the Kolar District, dated 31st August 1892, No. 868—180, submitting a statement of incomplete works of 1891-92 undertaken from Local Funds General.

No. 4874-5—L. F. 164-92, DATED BANGALORE, 23RD SEPTEMBER 1892.

ORDER THEREON.—From the above it would appear that on 79 works sanctioned to be executed at a cost of Rs. 9,496—13—0 out of Local Funds General, Rupees 1,765—2—0 only were spent before the 30th June 1892, leaving a balance of Rs. 7,731—11—0 to be expended in 1892-93. It is observed that in the list of works given for the Bagepalli Taluk, no figure is shown against "constructing a chavadi at Julpalya" for which a sum of Rs. 100 was sanctioned nor has the figure been included in the total entered against the Taluk. The cause of this omission should be explained.

2. The Deputy Commissioner does not state whether the sum required for expenditure during 1892-93 cannot be met from the grant of Rs. 15,000 sanctioned from Local Funds General for the District. This should be explained. If additional funds are absolutely necessary, Government are prepared to sanction the same.

No. 4720-43—L. F. 193-92, DATED 23RD SEPTEMBER 1892.

ORDER THEREON.—Government resolve to review the reports on the working of District Funds for the year 1890-91.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Local Funds),—dated 23rd September 1892.

2. There were during 1890-91 nine Local Fund Circles in the Province of Mysore as in the year preceding. The affairs of each Circle are now conducted by a Board consisting of 7 non-official members and *Ex-officio* members composed of the Deputy Commissioner of each District, Assistant Commissioner at the District Head-quarters, Executive Engineer and Civil Surgeon of the District and the Amildars of the several Taluks. The attention of Government has been drawn to the preponderance of the official element on these Boards and a change in the Law in regard to the constitution of these Boards is under contemplation.

3. *Meetings.*—Under the rules in force, the Boards are bound to meet at least 4 times a year, but Government note that the prescribed minimum number of meetings was not held in any of the Local Fund Circles. As regards French Rocks, it is explained that the failure to hold the prescribed number of meetings was due to the constant change of officers. The Presidents of the other Circles do not explain why the minimum number of meetings was not held. The Government are not satisfied with this state of things and they trust that the Presidents of the several Circles will take more interest in their Local Fund work and see that the meetings are regularly convened in the future. They should also submit the Proceedings of each meeting for the information of Government.

4. The income of the year under all heads amounted to Rs. 5,48,181. Excluding from this, Rs. 16,715, being grants-in-aid made from Local Funds General, the ordinary receipts amounted to Rs. 5,31,466, of which Rs. 4,80,041 were collected from the one anna Local cess on Land revenue, Rs. 41,091 from cattle fines and sales, Rs. 9,394 from ferries and the rest from miscellaneous sources. The above revenue distributed over the population of the Province, excepting the City of Bangalore where the Local cess has been transferred to the Municipality, amounts to Rs. 0—1—9·4 per head against Rs. 0—2—1·6 in 1889-90, the adoption of the higher figures furnished by the Census returns of 1891 as regards population being chiefly responsible for this fluctuation, the smaller receipts of the year also contributing towards the same result in a minor degree.

5. The expenditure incurred during the year was Rs. 5,40,786 or Rs. 0—2—0·8 per head of population. Of this Rs. 0—1—10·8 was for the construction and repair of roads, Rs. 0—0—0·25 for affording accommodation to travellers. Rs. 0—0—1·4 for giving medical relief to the poor and Rs. 0—0—0·35 for sanitary and other charges.

6. The percentage of charges to receipts in each District are as given below:—

5	Chitaldroog ..	11. Constructing bridges across Hirehalla on Chitaldroog-Benkipur road	3,077

The largest work undertaken at the cost of District Funds was the bridge across the Yagachi River at Belur, on which Rs. 40,432 were expended during 1890-91, out of a total estimated cost of Rs. 1,17,522. The work is expected to be completed shortly.

8. The above are the main features in the administration of District Funds. Government now proceed to review the details.

9. Hitherto one report used to be submitted for the French Rocks and Mysore Circles in the Mysore District, but for the year under review two separate reports have been received in accordance with Government orders as there are two District Boards managing the Funds of the respective Circles. The Deputy Commissioner suggests, with a view to carry out the separation of the two Circles in its entirety, that the Comptroller and the Examiner of Public Works Accounts should be instructed to furnish accounts of receipts and expenditure of civil charges and public works separately for each Circle, instead of furnishing a joint account for both the Circles and leaving it to the Deputy Commissioner to apportion the receipts as well as expenditure between the two Circles. This is approved and the Comptroller and the Examiner of Public Works Accounts will be requested to act accordingly.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Local Funds),—dated 23rd September 1892.

11. *Opening Balance.*—The figures given in the above statement are those furnished by the Comptroller. No opening balance is given by the Deputy Commissioner of the Kadur District on the ground that the information was not furnished by the Comptroller, and the figures given by the Deputy Commissioners of Hassan and Shimoga do not correspond with those given by the Comptroller as will be seen from the marginal statement. The cause of these large differences requires explanation. The Deputy Commissioners of Hassan and Shimoga are requested to place themselves in communication with the Comptroller and enter in their accounts the correct balance in favor of each Local Fund Board. It is of the utmost importance that Presidents of Boards must keep a correct account of the funds in their charge.

*Includes sale proceeds of stray cattle.

13. *Seventy six per cent of Local Cess.*—The revenue under this head during 1890-91 shows a decrease of Rs. 14,309 compared with the actuals of 1889-90. Almost the whole decrease is in the Districts noted in the margin. The decrease in Kolar is due to the large collections of arrears in the previous year and is thus more apparent than real. In Shimoga the fall of revenue was in the cess on Supari Halat, chiefly in the Taluks of Sagar, Nagar and Tirthahalli, partly owing to the low yield of Supari on account of Kole-roga or rot and partly to the short sales effected owing to a temporary falling off in the selling price of the article. The Deputy Commissioner of Bangalore, instead of explaining the difference between the actuals of 1889-90 and 1890-91, accounts for the variation between the actuals and the sanctioned estimate for 1890-91, which serves no purpose, while the Deputy Commissioner of Kadur gives no explanation whatever. In the future, each variation in the actuals of the year under review and the year preceding should be fully explained.

14. The income given in the reports submitted by the Deputy Commissioners does not correspond with that given in the statement of the Comptroller as shown in the margin. In Kolar, the amount to the credit of "District Funds" has been swollen by the inclusion of items not properly belonging to it, *viz.*, school fees and 24 per cent of the total collections creditable to the Village School Fund. The Deputy Commissioner of Shimoga included 76 per cent of the cess on Toddy revenue as an item of District Fund receipt though the same is creditable to Local Funds General. In Tumkur, the entire cess collections are credited under District Funds, and 24 per cent thereof amounting to Rs. 17,840—8—11 is shown as having been placed at the disposal of the Education Secretary as the amount creditable to the Village School Fund. This procedure is not correct. In future, only 76 per cent of the cess should be included in the District Fund Revenue. The cause of disagreement of figures in the remaining Districts, which cannot be made out from the reports, is probably the result of similar mistakes. The above discrepancies point to the fact that the Deputy Commissioners do not keep a correct account of the Funds entrusted to their charge and that the repeated instructions issued by Government are not attended to with the degree of care, which is necessary for the judicious administration of District Funds. This is highly unsatisfactory, and the Deputy Commissioners are requested to bestow more care in the future. The Deputy Commissioners should now examine these figures, and alter them. If the Comptroller's figures are wrong, the same should be reported forthwith in view to the necessary adjustments being made.

15. The Deputy Commissioner of the Kolar District omitted to submit the Talukwar statement, while the entries made in the statements furnished by the

remaining Deputy Commissioners do not in several cases tally with the lump sum figures given in the body of the reports. For instance, in the Local Fund Circle of Mysore, "76 per cent of Local Cess" and "Total income" are given as Rs. 49,196 and Rs. 53,708 in the body of the report, but the same are shown in the Talukwar statement as Rs. 64,732 and Rs. 69,246 respectively. The items entered in the Talukwar statement submitted by the Deputy Commissioner of the Bangalore District are all creditable to District Funds but the statement is wrongly headed "Local Funds General." The Deputy Commissioners are therefore requested to see that the future Talukwar statements are more carefully prepared and submitted punctually with the annual reports.

16. *Cattle fines and sales.*—The amounts collected under this head during the year aggregated Rs. 41,134 or Rs. 7,130 more than the sum realized in 1889-90. The increase is spread over all the Districts except Kolar, where there is a slight falling off which calls for no remark. The increase is large in the Districts of Hassan, Shimoga, Kadur and Tumkur. In Tumkur, the rise in income is explained to be due to close supervision, while in Kadur, it is attributed to trespasses on a large scale into the large coffee estates, with which the District abounds. The increase in other Districts is probably due to similar causes. The figures given apparently represent the net receipts after deducting feeding charges and rewards to seizers, &c. Orders have been since issued to show the gross receipts and gross charges separately.

17. As in the case of Local cess the marginally noted discrepancies are noticed between the figures given by the Comptroller and those embodied in the reports under "Fines for cattle trespass." The differences however are small and call for no remark, beyond that the errors should be corrected.

18. *Ferry Collections.*—The falling off of revenue under this head in the District of Hassan and in the Honnali and Shikarpur Taluks of the Shimoga District should have been accounted for. In the latter District, a sum of Rs. 27—8—0, being a moiety of collections made at the Gunde Ferry in the Hanagal Taluk is stated to have been credited to the District of Dharwar. The ferry evidently plies between Mysore Territory on one side and British on the other. The arrangement under which it is worked should be reported to Government.

19. It is observed that the amount shown to have been credited under this head according to the Deputy Commissioner's report is only Rs. 2,722, while the same according to the Comptroller's account is Rs. 2,703. The difference should be explained.

20. *Grants-in-aid.*—The sums entered under this head represent the grants made from Local Funds General under the authority conveyed in the marginally noted Proceedings; but these amounts were not taken into account by the Deputy Commissioners of Districts except Kadur. This is not right. In the future, all such grants made from Local Funds General or Provincial Funds should be included as an item of District Fund Revenue.

21. *Other items.*—The lump sum entries made under this head in the Comptroller's accounts amount to Rs. 940, while the same according to Deputy Commissioner's reports comes to Rs. 2,871—7—5, consisting of the items shown below:—

22. *Contributions.*—In Hassan and Kadur, Rs. 1,620 and 652—8—4 respectively are shown to have been realized from contributions, and these do not appear to have been taken into account in the accounts of the Comptroller. This requires explanation which should be submitted.

23. *Bungalow fees.*—In all but the Bangalore, French Rocks and Hassan Circles, fees as noted in the margin are shown to have been collected, but they do not seem to have been credited to District Funds in the Comptroller's accounts, for, the total amounts entered under "Other items", of which Bungalow fees are a sub-head, are in some cases less than the Bungalow fees realized. The Comptroller should explain the omission. In Hassan, travellers are stated to have been "almost exempted" from payment of fees for the occupation of the Travellers' Bungalows, while in Shimoga, Government officials were allowed exemption from payment for the first 3 days of every halt. The attention of the Deputy Commissioners is invited to Para 22 of Government Proceedings, dated 6th October 1891, No. 7645-56—622, and they are requested to see that fees are collected from every person, whether Government official or not, occupying the Travellers Bungalows, for every halt exceeding 24 hours.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Local Funds),—dated 23rd September 1892.

27. From the above it would appear that out of a total outlay of Rs. 1,88,189 in 1890-91 against Rs. 2,00,924 expended in the year preceding, Rs. 66,849 were spent on roads, Rs. 1,14,540 on bridges and tunnels and the rest on wells, &c. The expenditure of Rs. 692 shown under "wells, &c.," against Mysore includes Rs. 439 spent on the improvement of Antarsante Tank, Registered No. 107, and of the pond between the town of Chamrajnagar and Travellers' Bungalow. The Deputy Commissioner is requested to state whether the tank and pond are exclusively used for drinking purposes or for irrigation also. In the latter case, the charge is not properly debitable to District Funds, but to the Irrigation Cess Fund.

28. *II. Repairs.*—The expenditure incurred in each District on account of the maintenance of roads, bridges and tunnels and wells is given below. The expenditure under this head includes a sum of Rs. 526 laid out on the repair of 2 tanks in the Shimoga District. The Deputy Commissioner is requested to state whether these tanks are used solely for drinking purposes or for irrigation also. In the latter case, the charge is not properly debitable to District Funds, but to the Irrigation Cess Fund. The reports of the Tumkur, Mysore and French Rocks Circles do not give the average cost of repair for every mile of road, but from those in which information is furnished, it appears that the cost varies from Rs. 51 in Kolar to Rs. 86—15—0 in Bangalore, where the high rate is due to the special repairs executed to many of the roads. It is observed that the average mileage rate in Shimoga is given as Rs. 62 at page 5, but as Rs. 68 in the following page of the Deputy Commissioner's report:—

29. The marginally noted differences are observable between the figures given in the Comptroller's account and those embodied in the Deputy Commissioner's reports. In Kolar, the Deputy Commissioner's figure is in accordance with the accounts of the Executive Engineer, while that given by the Comptroller represents the charge as finally admitted by the Examiner of Public Works Accounts. The discrepancies in the case of the remaining 2 Circles need explanation.

1. Kolar ...	27,929	28,584
2. Mysore ...	19,037	19,091
3. French Rocks ...	21,893	21,838

30. The reports submitted by the Deputy Commissioners show that the Budget Estimates sanctioned by Local Fund Boards were not conformed to in some cases. In Kolar, the Executive Engineer reports that certain deviations were made in regard to appropriations, which were unavoidable in the interests of the works them-

selves. The expenditure of Rs. 17,000 proposed by the District Fund Board at Tumkur on account of original works was reduced to Rs. 10,000 and no funds were provided for three out of eight works proposed by the Board. In the French Rocks Circle, certain works provided for in the Budget were not completed and in some cases extra expenditure was incurred with the sanction of the Chief Engineer but without the approval of the Local Fund Board. This is not a proper course. No expenditure should in the future be incurred from District Funds or transfer made from one Budget head to another without obtaining the previous sanction of the Board.

31. *Establishments.*—The charges debited to District Funds on account of establishments vary from 18·27 per cent of outlay on works in Kolar to 26·27 per cent in the Chitaldroog District as shown in the marginal statement. The replies received from the officers consulted regarding the question of allowing District Fund Boards to appoint their own Engineers to execute works out of funds under their management are now pending the final orders of Government.

33. *Statistical Clerk.*—In the District of Mysore, the salary paid to the Clerk in the Deputy Commissioner's office was apportioned between the Mysore and French Rocks Circles in the proportions of 134 and 84 respectively in the accounts of the Comptroller; but the Deputy Commissioner charged the total cost to the Mysore

Circle and debited to the French Rocks Circle only Rs. 8—6—2, being the salary paid to the separate Clerk entertained in the Sub-Division office from 19th March 1892 in accordance with Government Proceedings, dated 5th February 1891, No. 12853-63—272-L. 301. The omission of the latter amount in the Comptroller's account is probably due to the sum having been shown in the accounts of April 1891 or of the following year. If so, the distribution made is approved. In the future, the salary of the Clerk in each Circle will be debited to the funds of the respective Circles.

34. *Travellers' Bungalows and Musafarkhanas.*—The cost incurred on account of Travellers' Bungalows and Musafarkhanas according to the Comptroller's accounts differs from that given in the Deputy Commissioner's reports as shown in the margin. The difference requires explanation.

35. The details of the Travellers' Bungalows regarding the number of halts made by travellers, fees collected from them and cost incurred in the up-keep of the Bungalows are shown in the following statement as given in the Deputy Commissioner's reports:—

36. The number of halts made and fees collected from them have not been given in the Bangalore, French Rocks and Hassan Circles. With reference to this omission, the Deputy Commissioner of Hassan reports that no registers are kept to mark down the number of halts, &c., made in the Bungalows. This is unsatisfactory. Bungalow books should at once be supplied to all the Travellers' Bungalows and Musafarkhanas, where none at present exist, and the Deputy Commissioners should see that halts made by, and the fees collected from, the travelling public are invariably entered therein in view to the same being embodied in the annual reports.

37. The Deputy Commissioner of Kadur reports that the 2nd Class Bungalows of Balehonnur, Aldur and Mudgere are maintained at the cost of District Funds, while

the receipts are credited to Provincial. This is not correct. The receipts as well as charges of all 1st and 2nd Class Bungalows should in the future be credited and debited to Provincial. He also reports that some of the charges of 3rd Class Travellers' Bungalows are debited to Provincial, while other charges and receipts are debited and credited to District Funds. This procedure also requires modification. Separate orders will be issued on this subject.

38. The marginal statement compares the number and cost of Hospitals and Dispensaries together with the number of patients treated in each of the Local Fund Circles during 1890-91 with those of the preceding year. During the year under review the marginally noted 4 Dispensaries were opened, 3 in the Tumkur District and 1 in the Chitaldroog District. It is noted that the Hospital and Dispensary at Tumkur were reckoned as 2 Institutions in 1889-90 but only as one in the foregoing statement; while Her Highness the Maharani's Hospital at Mysore, towards the cost of which the French Rocks Circle makes an annual contribution, has been taken into account in the above statement, though it was left out of account in the year preceding.

39. The cost above shown is according to the reports submitted by the Deputy Commissioners and differs from that given in lump sums in the Comptroller's accounts. These differences do not speak well of the system of accounts. The cost of Europe medicines in Tumkur and of travelling allowances to Hospital Assistants in Shimoga and French Rocks amounting to Rs. 690 and Rs. 215 respectively which are debitable to the Medical Budget were charged to District Funds. The sum of Rs. 690 is stated to have been entered in the accounts of the Shimoga Circle as per audited bills from the Comptroller. It should be explained why Shimoga was debited with this charge by the Comptroller, whereas in Chitaldroog the item was struck out on the ground that the same was chargeable to the Medical Budget (*vide* Comptroller's No. 131, dated 29th June 1891 to the address of the Deputy Commissioner of Chitaldroog). The Comptroller should explain the cause of difference in treatment of the Local Fund Circles as regards one and the same item of charge and to make the necessary adjustments in communication with the Deputy Commissioner concerned.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch,—Local Funds),—dated 23rd September 1892.

40. In the French-Rocks Report, the cost under this head is given at page 9 as Rs. 2,471, while according to paras 20 and 23, the same amounts to Rs. 2,170. The cost incurred in Hassan and Kadur includes Rs. 407—3—0 and Rs. 626—4—0 respectively, being the unexpended balances under "Contingencies" credited to the Medical Department for the formation of a small fund to establish stores at the District Head-quarters for the supply of country medicines to the Local Fund Dispensaries in places where they cannot be locally procured. This is in accordance with the Proceedings of Government, dated 24th April 1888, No. 485-94—15. The Presidents should in the future submit a statement showing the savings under "Contingencies" of each Circle credited to the Medical Department annually. Taking the accounts as they are, the cost of treatment per patient is Rs. 0—1—3 per head against Rs. 0—1—3·09 in the year preceding; but this does not include the expenditure incurred from Municipal and Provincial Funds. Including the latter, the cost amounts to Rs. 0—2—6 per head of patient.

41. *Medical Scholarships.*—The cost of scholarships granted to students to enable them to undergo training as Hospital Assistants at the Madras Medical College was ordered to be equally distributed among the several Local Fund Circles. But how *different* sums happened to be shown in the marginally noted reports and why no charge is made under this head in Tumkur, Kadur, Hassan and Shimoga Circles require explanation.

42. *Vaccination.*—At present the pay of Vaccinators and Deputy Inspectors of Vaccination is paid from Provincial Funds, while the salary and batta of the peons allowed to the Inspectors of Vaccination and the cost of animal vaccination are met from District Funds. The cost incurred from District Funds and the results of vaccination in the Districts, for which information is furnished, are embodied in the following statement. The attention of the Deputy Commissioners, whose reports are silent on this point, is invited to Para of Government Proceedings, dated 22nd April 1890, No. 906-37—Cir. 15, and they are requested to submit complete information under this head in the future reports:—

43. It is noted that the expenditure shown in the Comptroller's accounts in the Mysore and French-Rocks Circles is Rs. 89, but the same according to the Deputy Commissioner's report is only Rs. 49. The Deputy Commissioner should explain the cause of this difference.

44. *Sanitary charges.*—The expenditure incurred under this head during 1890-91 amounting to Rs. 535 against Rs. 316 in the year preceding, was on account of the sanitation of rural parts on such special occasions as jatras, &c. Besides the amount shown under this head, the following sums were spent for the improvement of drinking water supply, but shown under Public Works, under original works and repairs :—

No.	Local Fund Circles.	No. of Wells, &c.	Cost incurred.

7	Shimoga	15	3,138
8	Kadur	14	1,823*
9	Chitaldroog	4	412*

45. It is noted that the sum of Rs. 1,147 spent by the Deputy Commissioner on wells in the Mysore Circle does not appear to have been taken into account in the Comptroller's account. If so, the cause should be explained and the necessary corrections made in the accounts.

46. *Refunds.*—The sum of Rs. 157 entered under this head against Hassan is the amount refunded to the Yoga Narasimhaswami temple on account of its right to the ferry collections in accordance with the late Chief Commissioner's Proceedings, dated 7th August 1880, No. 2791-9—30.

47. In the District of Kadur, the Comptroller's account shows an expenditure of Rs. 7 under this head, whereas in the Deputy Commissioner's report the same is entered as Rs. 27. The cause of this difference should be explained.

48. The other items call for no special remarks, except that the village sanitation and the improvement of the village roads can scarcely be said to have come within the scope of District Funds actually and there has been no attempt whatever to apportion the expenditure within Taluks to the receipts therefrom; but the stringent orders recently issued by Government will, it is to be hoped, rectify these shortcomings in the coming years and that the benefits of Local Funds will be more largely diffused over the villages, which find most of the money instead of being confined as it is at present to a comparatively few large centres of rural population.

49. There was great and avoidable delay in the submission of the annual reports. They were due on the 30th June 1891, but some of them were received so late as March 1892 and the information they contained was anything but complete, thereby rendering the review of the reports impossible for nearly 16 months from the expiration of the year to which they relate. This is very unsatisfactory and can no longer be continued. It is therefore directed that in the future, annual reports shall be submitted so as to reach Government office not later than 30th September every year. Some of the reports contain information on the working of one or more of the Funds, Irrigation Cess Fund, Village School Fund and Local Funds General, while the others are silent on this point. As Irrigation Cess Fund is not administered by District Fund Boards, no information under that

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Local Funds),—dated 23rd September 1892.

head should in future be included in the District Fund Report. The administration of "Village School Fund" will be reviewed in the Education Department and they also need not be noticed in the District Fund Reports. Deputy Commissioners should however send a statement showing the amount spent from Local Funds General on each work sanctioned. The Comptroller is also requested to send a complete statement of Local Funds General showing in detail receipts and expenditure of every year together with the opening and closing balances.

No. 4834—L. F. 120-92, DATED BANGALORE, 24TH SEPTEMBER 1892.

ORDER THEREON.—The marginal notes in the above Proceedings point to a system, whereby the President apparently exercises the power of vetoing resolutions of the Board and of determining what resolutions shall be acted upon and what not. This is not the right course. Whenever the President thinks that the resolutions of the Board need not be carried out, he should lay the matter before the Board again, discuss it and communicate to Government the final resolutions of the Board with his remarks. The President has no power to set aside the resolutions of the Board without the orders of Government.

Correspondence ending with docket No. 156, dated 5th August 1892, from the Executive Engineer, Kadur Division, stating that the wording of the Government Proceedings No. 7419-29—Cir. 249, dated 5th February 1887, is that "The kitchens for *High Caste* Hindus * * * * * are intended to be used by Vegetarian Hindus only" thereby implying that *High caste* Vegetarianism in a Hindu was the test, and such a test was necessary as there were also *Low caste* Vegetarians, and suggesting that a separate kitchen of cheap design at Rs. 150 each would overcome the difficulty.

No. 4099-4112—G. 1018-92, DATED BANGALORE, 9TH SEPTEMBER 1892.

ORDER THEREON.—The Government of His Highness the Maharaja are of opinion that the existing orders are sufficient for all practical purposes, and they cannot undertake to build additional kitchens or to define "High Caste" as distinguished from "Low Caste." The following report on the condition of the Chitaldroog District for the fortnight ending the 31st August 1892, received with docket No. 5, dated the 4th September 1892, from the Deputy Commissioner, Chitaldroog District :—

1. Prospects continue to be good. There was a general fall of rain throughout the District, but not such as to add materially to the supplies in tanks except in the Taluks of Molkalmuru and

Jagalur where tanks have received good supplies. It was however very timely for the mungar cholam which was withering in parts of the District. The quantity of rain gauged at the Taluk Head-quarters of the District during the fortnight under report was as follows:—

	I.	C.		I.	C.
Chitaldroog	3	18	Davangere	2	95
Challakere	2	53	Jagalur	4	32
Hiriyur	1	65	Molakalmuru	8	50
Holalkere	1	38	Hosdurga	2	60

2. State of Crops.—The standing dry crops consisting of ragi, cholam, avare, togari, green gram, black gram, yellu, chillies, castor-seeds, navane and samé are in fair condition throughout the District, as also the wet crops under tanks, wells and streams. Paddy, horse-gram, chillies, cotton, harka and navane were sown during the fortnight. Mungar cholam, yellu, black gram and green gram were harvested in parts of the District, the out-turn being estimated at from 8 to 12 annas in the rupee.

3. Supply of Food Grains.—There was a sufficient supply of food grains in all the Taluks of the District. Ragi and cholam were exported to various places in British Territory from the Taluks of Chitaldroog, Challakere, Jagalur, Holalkere and Davangere.

4. Prices.—Prices of food grains were almost stationary in all the Taluk Head-quarters of the District except Davangere and Holalkere where they show a slight fall as will be seen from the figures given below:—

Taluk.	Present Fortnight.			Past Fortnight.		
	Rice.	Ragi.	Cholam.	Rice.	Ragi.	Cholam.
Chitaldroog	10	30	27	10	30	26
Challakere	10½	29	26	10½	29	25
Davangere	11	35	32	10	32	28
Holalkere	9½	36	30	9	33	24
Hiriyur	9	24	23	8	24	22
Jagalur	9½	27	24	9½	27	23
Molakalmuru	8½	24	20	8	23	19
Hosdurga	9½	30	24	9½	30	24

The markets were well supplied throughout the District.

5. Supply of Fodder and Water.—Pasture is improving, but dry fodder is still scarce in parts of Hiriyur, Challakere, Molkalmuru, Davangere and Jagalur Taluks where date leaves are still used for fodder. The supply of water is however sufficient both for men and cattle throughout the District.

6. Demand for Labor.—There was no demand for labor anywhere in the District. The laboring classes find ample employment in the fields as well as on Irrigation wells and Sagavali kattes which are in progress.

7. General Condition of the District.—The condition of the people in the District is good while that of the cattle is daily improving.

DECISIONS OF GOVERNMENT IN REVENUE CASES.

SEPTEMBER 1892.

Appeal No. 77 of 1891-92.

Appellant.	*Vs.*	*Respondent.*
Munisamaiya of Mogilahalli, Srinivaspur Sub-Taluk, Kolar District.		Tippireddi.

Decision, dated 28th August 1892.

Appellant was the Shanbhog of Mogilahalli. He fell into arrear of Government revenue and all his lands and house were sold. He still owed to Government Rs. 309—15—4. The Respondent, who is a stranger, having agreed to pay and paid the above sum, the Deputy Commissioner removed the Appellant from his office of Shanbhog and appointed Respondent in his place. The Respondent, however, not being quite competent to do the duties of the office, he was allowed to appoint a Gumasta.

2. Appellant appeals against the dismissal. The Government consider that the dismissal of the Shanbhog for non-payment of arrears was unwarranted. Insolvency might be a good ground for dismissing a Patel from office and not a Shanbhog who has no charge of money. He should be forthwith restored to office, the money paid by the Respondent being refunded to him. If the money cannot be recovered from the Appellant immediately by the sale of any property belonging to him, the Deputy Commissioner may recover it by small instalments from his Potigi allowance.

To—The Deputy Commissioner, Kolar District, with Proceedings.
The Deputy Commissioners of other Districts.

Appeal No. 29 of 1892-93.

Appellant .. Shanbhog Ramaiya of Kibbanahalli, Tiptur Taluk.

On 19th February 1889, the Patel of Kibbanahalli deposed before the Amildar that Shanbhog Ramaiya, Appellant, had cultivated the Nirganti Inam land, that the Nirganti Betta was in the Auche service, and that nobody was doing the Nirganti work. The Appellant stated that he cultivated the land on behalf of the Nirganti at his request and the latter confirmed his statement. Whereupon on 20th February 1889, the Deputy Commissioner Mr. Krishnamurti dismissed the Nirganti Betta, and suspended the Shanbhog for having cultivated the land without orders. The Inam was at the same time ordered to be attached with the crop thereon. The Amildar reported that the Shanbhog was not to blame as he had cultivated the land with the permission of the Inamdar Betta. The Deputy Commissioner refused to re-consider the case and directed the Amildar to carry out the orders already issued. Betta left the Auche service and resumed his work as Nirganti and the Inam land was restored to him in 1890. Appellant's brother Hanumantaiya has been doing the Shanbhogi work. The Appellant requested the Deputy Commissioner that his suspension might be cancelled. On 22nd April 1892, the Deputy Commissioner Mr. Venkatavaradaiengar ordered that as the period of suspension was not specified, he could not interfere in the matter.

2. The appeal is against the above order.

3. The Appellant contends that he is not to blame as he cultivated the land as required by the Pattadar. The Patel, in his deposition before the Amildar, dated

19th February 1889, states that the inam land was waste up to and inclusive of the year 1887-88, and that the Shanbhog cultivated the land as required by Betta while the latter was on other duty.

4. The Government consider that the Shanbhog was wrong, not in having cultivated the land, but in not having reported to Government that the Niganti was enjoying the inam without rendering service. For this fault the punishment he has already suffered is sufficient and the Government direct that he be restored to office.

No. 3893—P. F. 152-92, DATED 10TH SEPTEMBER 1892.

Communicated to the Deputy Commissioner, Tumkur District.

Appeal No. 61 of 1891.

Appellant.	*Vs.*	*Respondents.*
Nanjegauda of Doddagoragatta, Gubbi Taluk, Tumkur District.		1. Mudlagirigauda. 2. Lakkannagauda. 3. Nanjundagauda. 4. Venkategauda.

The father of the 1st Respondent was the Patel of the village. He died in 1873. 1st Respondent asked that the office may be conferred on 4th Respondent, his uncle's son. 4th Respondent was accordingly ordered to officiate in 1874. In 1876 Assistant Commissioner who conducted the jamabandi confirmed him and ordered his name to be registered. Appellant and the 2nd and 3rd Respondents are brothers of the 1st Respondent, the Appellant being the youngest of all. Appellant was a minor in 1873, when 1st Respondent gave up the office in favor of the 4th. He attained his majority in 1888-89 and brought the present suit. The Assistant Commissioner who heard the case dismissed the suit and this decision was confirmed by the Deputy Commissioner.

2. The Appellant's contention is that the 4th Respondent is not at all related to his family, and that the alienation of the office, by his eldest brother, was illegal. The evidence in regard to relationship is conflicting, but both the Lower Courts held that 4th Respondent was the uncle's son of the Appellant. Whatever be the truth or otherwise of the alleged relationship, the Government do not think it advisable to cancel the appointment made so long ago as 1876. The appeal will therefore be dismissed, but the Appellant's name will be ordered to be entered in the Register as bakdar, in view to his claim being considered when a vacancy occurs.

No. 4316—P. F. 163, DATED 13TH SEPTEMBER 1892.

Appeal No. 149 of 1891-92.

Appellant.	*Vs.*	*Respondent.*
Hanumantaiya, Shanbhog Gumasta, Hullukunte, Dodballapur Taluk, Bangalore District.		Subbanna.

On the death of his father who was Shanbhog, Respondent, who was then a minor, was appointed Shanbhog in 1880, and the Appellant, a Hissedar, was nominated as his Gumasta.

2. In 1890, Respondent attained his majority, but as he was unable to do duties himself, he requested that his brother might be made to do duties on his behalf. The Deputy Commissioner granted his request, as Respondent's brother was found to be competent.

3. Appellant objects to this appointment on the ground that he did duties for upwards of 10 years, and that he is himself a Hissedar.

4. *Decision.*—The Government do not consider that Appellant has any valid ground for appeal. His appeal is dismissed.

No. 4372—P. F. 164, DATED 15TH SEPTEMBER 1892.

Communicated to the Deputy Commissioner, Bangalore District.

Appeal No. 66 of 1891-92.

Appellant .. Guttahalli Timmaiya of Telagani, Mulbagal Taluk, Kolar District.

Petitioner was reported to owe to Government Rs. 31—13—11, as shown in the margin, and his ragi crop was sold in public auction in February 1891 for Rs. 21-8-0.

		Rs.	A.	P.
(*a*)	Quit rent, (inclusive of cess, &c.) ...	10	13	2

(*b*)	Parthiva 1885-86	2	2	10
(*c*)	Vyaya 1886-87	2	2	10
(*d*)	Sarvajitu 1887-88	3	7	3
(*e*)	Demarcation fees	0	7	1
	Total arrears.....	8	4	0
(*f*)	on account of Petitioner's son ...	12	12	9
	Total.....	31	13	11

2. Petitioner's complaint is that he did not owe the items (*b*), (*c*), (*d*) and (*e*), that the lands on account of which the above charges have been made were relinquished by him during the Survey in 1885-86, that he did not owe so much quit-rent as Rs. 10-13-2, and that Rs. 6-8-0 have been improperly included in item (*f*) being the assessment of lands held by other individuals.

3. Petitioner has not produced any evidence to show that there is any improper charge under items (*a*) to (*e*), but the records received show that the assessment of certain lands amounting to Rs. 6-8-0 was included in the Patta of Petitioner's son on the strength of a Mutchalika said to have been given by the Petitioner, agreeing to take up, on behalf of his son, certain lands relinquished by his co-sharers. The Mutchalika purports to have been executed and signed by the Petitioner's minor son, while the evidence shows that the Petitioner's son was not present when the agreement was given, and that the agreement was actually given by the Petitioner himself. The Government consider that Petitioner cannot be held responsible for the amount Rs. 6-8, as he has not signed the agreement. The land said to have been accepted by the Petitioner was not cultivated by him and has been since separated. The Deputy Commissioner is therefore authorized to write off the amount.

4. As regards the amounts under (*b*), (*c*), (*d*) and (*e*), the Government note that the Deputy Commissioner should not have allowed the arrear to stand over till 1891, but as there is nothing to show that the charge is improper, no relief can be granted to Petitioner.

5. Petitioner will be informed that the sum of Rs. 6-8-0 said to have been due on account of the alleged agreement, has been ordered to be remitted, and that no further relief can be granted, as he has failed to show that the charge made was improper.

C. No. 31, DATED (CAMP) MYSORE, 20TH SEPTEMBER 1892.

ORDER THEREON.—In the foregoing letter, the Deputy Commissioner reports that there are five Annachattrams in his District, that the establishments therein consume an unreasonably large proportion of the Tasdik allowances and that there is also much abuse and corruption in the distribution of cooked food, and he consequently recommends that the feeding in the chattrams be discontinued and that the system of issuing grain doles to *bonâ fide* travellers on the tickets issued by a small Local Committee of respectable inhabitants specially appointed for the purpose be introduced instead.

2. Though the suggestion made by the Deputy Commissioner appears to be unobjectionable, yet the Government are not at present prepared to sanction its general adoption. They, however, consider that the system may be tried experimentally for 6 months in the Government Annachattram at Bidadi, which it is reported is not much frequented by travellers other than Bairagis who have always been given only grain doles.

3. The Deputy Commissioner will accordingly make the necessary arrangements for the payment of grain doles in the chattram, and further appoint a small Committee as proposed by him to issue tickets to the travellers and to supervise the distribution of the charity.

4. As regards the other chattrams in the District, the existing arrangements will continue undisturbed until further orders.

5. The Deputy Commissioner is also requested to submit 2 statements as per forms annexed, showing in detail the present establishment of the chattram at Bidadi and the Nehmidars who receive either cooked food or raw rations therefrom, on receipt of which, orders will be passed regarding the proposed reduction of the chattram establishment.
